

STERRAD®

Family of Products

Trust in a complete package of STERRAD®
Systems supplies & consumables for use
with your STERRAD® Sterilization System
— validated to work together to ensure
instrument sterility.

STERILITY ASSURED

STERILITY ASSURED

Trust in a complete solution of STERRAD® System supplies and consumables for use with your STERRAD® Sterilization System — validated to work together to ensure instrument sterility.

WHY IS STERILITY ASSURANCE SO IMPORTANT?

Peace of Mind for You and Your Patients

Your patients' lives depend on the sterility of your medical instruments. That's why **your choice of sterilization systems, supplies and consumables must work together to deliver exactly what they're supposed to** — peace of mind about instrument sterility.

ASP's long history of success with STERRAD® Systems is rooted in the extensive effort and resources we put into validating a suite of STERRAD® Systems supplies and consumables for use with our systems. Our STERRAD® Systems supplies and consumables have been tested and proven by ASP to work effectively as part of an integrated STERRAD® Systems Solution.

Maximum Reliability and Productivity

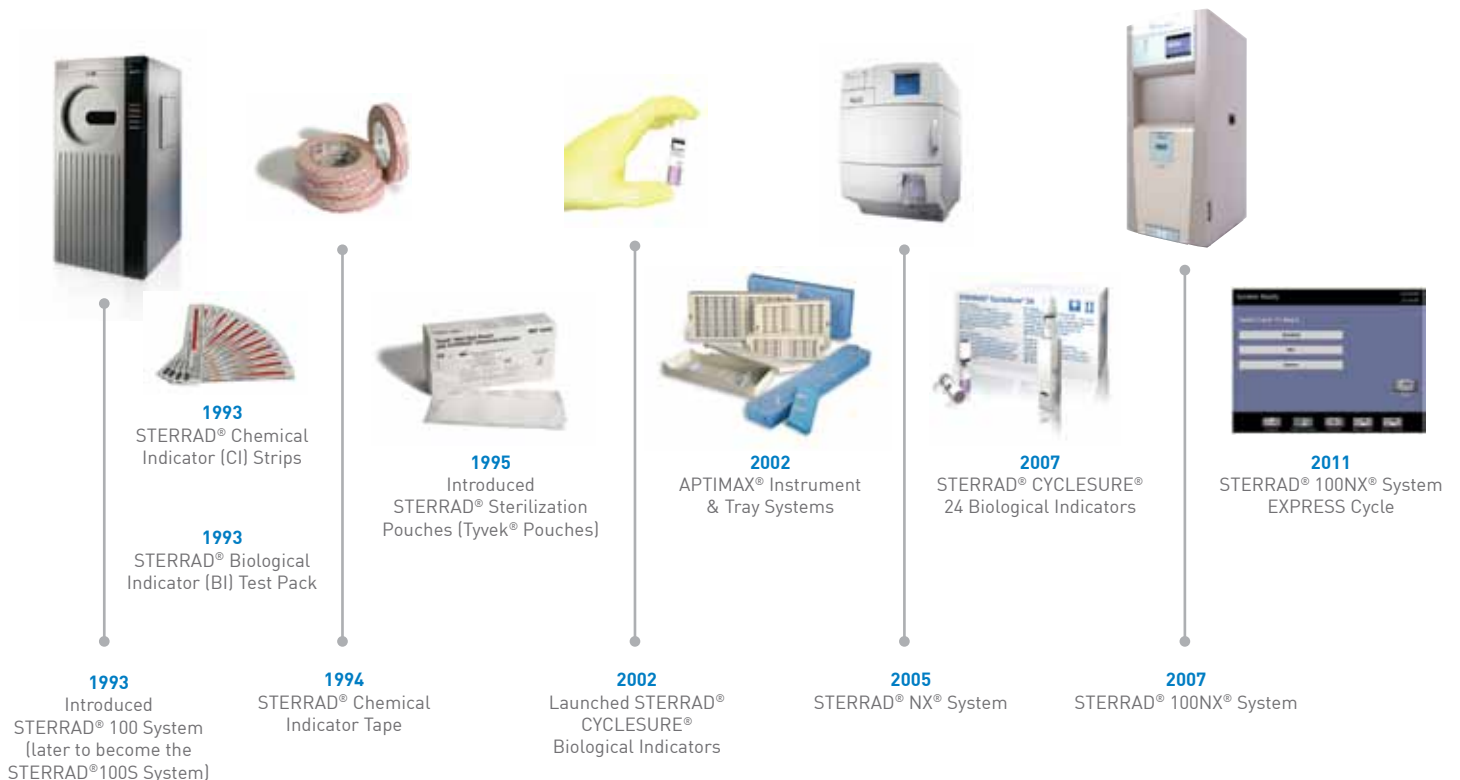

You can count on a comprehensive STERRAD® Systems Solution to stay up-and-running and keep your facility on schedule. All STERRAD® Systems, supplies and consumables are used by thousands of satisfied customers worldwide. While other companies may offer similar supplies and consumables at varying price and quality levels, they cannot assure the reliability and productivity of our STERRAD® Systems suite of products.

Why compromise on patient safety and productivity? Choose validated STERRAD® Systems supplies and consumables with your STERRAD® Systems.

PROVEN INNOVATION

Count on our long history of innovation and proven results with STERRAD® Systems, Supplies & Consumables

There are over 16,000 STERRAD® Sterilization Systems in use today and over millions of sterilization cycles have been successfully run for patients. Our consistent track record of success reinforces our vision of creating the safest possible environments for patients and their families, healthcare workers, providers and communities.

ASP is steadfastly committed to investing in the development and validation of STERRAD® Systems Supplies and Consumables provide a safe choice for patients and the best practice for busy healthcare facilities. We remain on the leading edge of infection prevention with our innovative solutions for reprocessing instruments, reducing infection risks and raising standards of patient safety.

Two decades of commitment to a complete STERRAD® Systems Solution

OPTIMUM PERFORMANCE

STERRAD® Systems work best with STERRAD® Systems Supplies & Consumables

Many sterilization supplies and consumables on the market have not been validated to work effectively with STERRAD® Systems.

Only STERRAD® Systems supplies and consumables were made specifically to provide the greatest sterility assurance when used as directed with STERRAD® Systems. Medical device manufacturers also use STERRAD® Systems supplies and consumables when testing their devices in STERRAD® Systems.

For optimizing your sterilization practices and enhancing patient safety, our STERRAD® Systems suite of products works best with your STERRAD® System.

THE STERRAD® SUPPLIES & CONSUMABLES DIFFERENCE

ASP SteriTite® Containers and Accessories

- Sturdy, reusable sealed container system provides optimal protection of surgical instruments
- Cost-savings through elimination of wrapping/disposal steps and reduction of instrument damage
- No more delays due to torn wrapping material
- Fully anodized for long useful life, providing significant long-term value
- Validated for use in STERRAD® Systems as well as ethylene oxide (EtO) and steam modalities
- Full line of container accessories available for organizing customized instrument sets for reprocessing

CODE	PRODUCT DESCRIPTION	DIMENSIONS
13902	ASP SteriTite® Container Kit	12" x 6" x 3"
13903	ASP SteriTite® Container Kit	18.5" x 6" x 3"
13904	ASP SteriTite® Container Kit	12.3" x 11" x 4"
13905	ASP SteriTite® Container Kit	18.1" x 11" x 4"
13906	ASP SteriTite® Container Kit	23.5" x 11" x 4"
13907	Round Filter fits containers 13904, 13905 and 13906 - Qty 1,000	7.5" diameter
13908	Rectangular Filter fits containers 13902 and 13903 - Qty 1,000	10" x 4"
13909	Tamper-Evident Seals that fit all containers - Qty 1,000	n/a
13910	Load Card for containers 13904, 13905 and 13906 - Qty 1,000	2.6" x 1.6"
13911	Load Card for containers 13902, and 13903 - Qty 1,000	1" x 1.75"

APTIMAX® Instrument Trays, Mats and Holders

- Compatible with STERRAD® Systems and many other sterilization and disinfection modalities
- APTIMAX® trays are available in a variety of sizes to fit your instrument inventory
- Silicone instrument mats and holders provide added protection and flexibility
- Lightweight material and snug-fitting lids ensure ease of handling with optimal space efficiency

Convenient online ordering and next-day delivery services are available for all STERRAD® supply and consumable orders!

Sterilization Monitoring

FDA, AORN and APIC define a sterilized device as one that has been processed in a system that delivers a sterility assurance level of 10^{-6} , which is a one in a million chance of a non-sterile occurrence. Sterilization Monitoring provides evidence that proper sterilization conditions are achieved and all viable microorganisms be inactivated including bacteria, fungi, virus, and bacterial endospores.

STERRAD® CYCLESURE® 24 Biological Indicator (BI)

- Provides evidence that proper sterilization conditions were achieved in just 24 hours
- Built-in chemical indicator confirms that it has been exposed to hydrogen peroxide if color has changed from red to golden yellow or bronze

STERRAD® Chemical Indicators (CI)

- STERRAD® SEALSURE® Chemical Indicator Tape features special ink for superior color stability
- STERRAD® Chemical Indicator Strips also available
- Distinct red to gold color change after processing provides assurance of H_2O_2 exposure

STERRAD® BIOLOGICAL AND CHEMICAL INDICATORS'

CODE	PRODUCT DESCRIPTION	PACKAGING
14100	STERRAD® Chemical Indicator Strip	250/pack; 4 packs/case
14202	STERRAD® SEALSURE® Chemical Indicator Tape	60yd/roll; 6 rolls/case
